EXPERIENCE

2002- Present (2006) Occupational *Therapist, Maine General Medical Center, Waterville and Augusta Maine.*

- * Outpatient OT to a primary clientele of patients with orthopedic hand and upper extremity injuries, repetitive motion injuries, strokes and brain injuries
- * Participating therapist in the BASE program, a 6 week balance program for at risk patients
- * Providing Complete Decongestive Therapy (CDT) to Lymphedema patients
- * Experience in multiple settings as my career at MGMC began as a "float" therapist covering acute in-patient care, skilled rehab, acute rehab, outpatient and the Alzheimer's Unit
- * Demonstrating flexibility and spontaneity in work assignments and frequently asked to provide coverage on short notice to any of MGMC sites
- * Teaching the relaxation module in the Cardio-Pulmonary rehab program
- * Providing in-service education to other therapists after participation in continuing education courses
- * Creative problem solving in evaluating patient work stations to make recommendations to reduce repetitive motion injuries
- * Skilled in splint fabrication, both static and dynamic

2002 *Occupational Therapist in Acute Care* at Maine Medical Center, Portland, Maine

- * Demonstrating the ability to work independently in a fast-paced environment treating a generally older population with diverse chronic conditions.

1987-1999 Right of Way Division, Department of Transportation, State of Maine
Began as a staff appraiser, performing appraisals of property being acquired for transportation projects throughout the State of Maine and progressed to become the *Manager of Appraisal and Acquisition*. Responsibilities included managing all appraisal and settlement negotiations, relocation of displaced people and assets and management of leased properties, overseeing a staff of 13 as well as outside consultants. Recognized as an expert witness in eminent domain appraisal by the State Claims Commission.
